This applies even if they will not work in Idaho for many years. The same late penalties apply to COA's that request an inactive status and those that just expire because we make no distinction between the two. Would the Board consider allowing an inactive status for those that request it with late fees only applying to expired licenses?

That matter ended with a cease and desist order by the South Dakota Board in January 2017 and an order not to issue a license to the business or the individual for a two (2) year period afterwards. Staff recommends turning over to the prosecutor for action toward a Stipulation and Consent Order or failing that a hearing.
